SITUATION SUMMARY

Cal OES Activation Status

State Operations Center	Inland Region EOC	Coastal Region EOC	Southern Region EOC
Level 1	Normal Operations	Normal Operations	Normal Operations

Coronavirus Disease 2019 (COVID-19)

The Cal OES State Operations Center (SOC) activated 03/02/20 at 0700 hours in support of the California Department of Public Health (CDPH) Medical Health Coordination Center's (MHCC) statewide response to COVID-19. Cal OES will continue to provide resource coordination for the COVID-19 event, as well as situation status reporting and advance planning across multiple areas.

Situation Overview

- **State Officials to Send Cell Phone Alerts to Greater Sacramento Region Impacted by Regional Stay-at-Home Order.** Alert is Informational Only, Recipients do not Need to Dial 9-1-1. With COVID-19 spreading at an increasing rate throughout the state and many Californians now under a mandatory, Regional Stay-at-Home Order, the Governor's Office of Emergency Services (Cal OES) will issue a region-wide emergency alert for the Greater Sacramento Region at noon on Friday, December 11, asking residents to stay home except for essential activities. You can find a breakdown by regions located [here](#).
- **California State of Emergency Proclamation**
On 03/04/20, Governor Gavin Newsom declared a State of Emergency for California, as a result of the global COVID-19 outbreak that began in December 2019, to make additional resources available, formalize emergency actions already underway across multiple state agencies and departments, and help the state prepare for broader spread of COVID-19.
- **Global Health Advisory**
On 08/06/20, in close coordination with the U.S. Centers for Disease Control and Prevention (CDC), the Department of State lifted the Global Level 4 Health Advisory. The Global Advisory, initially put in place on 03/19/20, advised U.S. citizens to avoid all international travel due to the global impact of COVID-19. For more information visit: <https://www.state.gov/>.
- **State Executive Order N-33-20**
On 08/28/20, California introduced a blueprint for reducing COVID-19 in the state with revised criteria for loosening and tightening restrictions on activities by counties. Visit [Blueprint for a Safer Economy](#) for more information and to check the status of a county. This blueprint included a health equity metric to be used along with other metrics to determine a county's tier. The purpose of [Equity Metric](#) is to ensure California reopens its economy safely by reducing disease transmission in all communities.

SITUATION SUMMARY

Coronavirus Disease 2019 (COVID-19) (Continued)

- Please see attached California Health & Human Services (CHHS) Agency / Cal OES Joint Situation Report for additional details.

Confirmed Global COVID-19 Cases – Per Worldometers COVID-19 Live Updates as of 12/11/20 at 1100 hours:

- 71,088,688 (+1,475,081) total confirmed cases in 218 countries
- 1,595,096 (+12,130) total deaths

Confirmed United States COVID-19 Case – Per Centers for Disease Control and Prevention (CDC) as of 12/11/20 at 1000 hours:

- 15,474,800 (+203,229) total confirmed cases
- 291,522 (+2,760) total deaths

Confirmed California COVID-19 Cases - Per Medical Health Coordination Center as of 12/11/20 at 1100 hours:

- 1,485,703 (+35,468) total confirmed cases

Cal OES INLAND REGION

- Nothing significant to report.

Cal OES COASTAL REGION

- Nothing significant to report.

Cal OES SOUTHERN REGION

<http://www.wrh.noaa.gov/hazardSummary/?state=ca>

Active Weather Warnings, Watches and Advisories by County:

<http://www.wrh.noaa.gov/hazardSummary/?state=ca&bycounty=1>

WEATHER KEY POINTS

12/12/20 - 12/18/20

Saturday-Sunday

- Elevated fire weather conditions persist across central and southern CA with gusty winds of 40-60 mph and continued dry conditions.
- A weather system will move across northern California through the weekend, bringing periods of rain and mountain snow, generally above 4000 ft.
 - Slippery driving conditions are possible and could bring possible travel delays and chain controls for mountain highways such as I-5, I-80 and Highway 50
 - Periods of moderate to locally heavy rainfall are possible
- King tides and heavy surf will bring potential coastal flooding along Humboldt Bay on Sunday morning.
- Isolated thunderstorms are possible along the northern coast on Sunday

Monday - Friday

- Elevated to locally critical fire weather concerns will still be possible across central and southern CA due to dry conditions and breezy winds
- King tides and heavy surf will bring potential coastal flooding along Humboldt Bay on Monday morning.
- A few showers could linger on Monday, but most locations across northern CA will see drier weather Monday, before another storm moves across the north late Tuesday through Thursday

CALIFORNIA WEATHER IMPACTS

12/12/20 - 12/18/20

<u>Hazards / Day</u>	SAT	SUN	MON	TUE	WED	THU	FRI
